CONDITIONS OF SALE.

Please Read Sale Terms Before Bidding.

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. No corrections or refunds will be made, and no lots can be returned, unless the bidder submits his case in writing **within 30 days of the date of the sale.**

Coins and medals are sold at so much per PIECE, and no lot will be separated. You cannot buy a few pieces out of a lot but must buy all of it. The auctioneer will accept no bid under 10 cents to start a lot where that lot contains only one piece; nor will he accept any advance under 5c on any lot containing but one piece; after the price has reached $2. no advance under 10c will be accepted on any lot containing one piece; after $5.00 the bid must advance 25c each time; after $10 no bid under 50c.

Our rules regarding lots containing more than one piece will remain unchanged and the same as before.

Auction sales are **strictly for cash.** Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description, there is but one piece in the lot.

Be sure you bid on the lot you wish to buy. We cannot correct such errors.

All coins, etc., are genuine unless otherwise described.

A charge of 5% will be made to cover packing but where the parcel is bulky an additional packing charge will be made. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer. THOMAS L. ELDER.

Important Notice. We keep two books of the sale recording each lot as sold, and we will not accept any sale records from outsiders. **Our records are final.**

No priced catalogue will be furnished of this sale.

1316 1900. Busts of the two great heroes of the Revolution, Washington and Lafayette. United States of America. Lafayette Dollar. Rx. Lafayette Statue, Paris. Uncirculated. One dealer lists it at $7.00.

Note.—Lafayette enlisted as a common soldier, in 1777, in our army, was wounded at Brandywine and appointed a major-general on account of his heroism and work for the American cause. He conducted a brilliant campaign prior to Yorktown in Virginia, helping, after the severe battles of Cowpens, Guilford Court House and Eutaw Springs, to drive Cornwallis onto the Yorktown peninsula, where he held him until the French and American army arrived, & bottling him up, caused his surrender. He was the outstanding foreigner in our army, and it was largely through his efforts that Louis XVI was induced to loan and present huge sums of money for the prosecution of the cause of the Revolution. America owes a mighty debt to Lafayette. He made several trips to France during the war in interest of the American cause, and was idolized by Washington. He named one of his children George Washington Lafayette.
